Dear Valued Guests,

We look forward to hosting you at the NEWLY renovated Wingate by Wyndham Gurnee. To safeguard the well-being of our staff and guests, we adhere to all guidelines provided by the World Health Organization, CDC, State, County and Federal Government. In addition to our usual cleaning for safety and comfort, we are taking the following additional measures:

- Pre-Shift health screenings for the staff to include temperature checks.
- Physical distance of at least 6 feet between employees, guests and visitors. Markings are placed on the floor at the registration desk.
- Thorough cleaning and deep sanitizing of each guest room to include wiping down doorknobs, remote controls, light switches, heating and air conditioner controls, and lamp switches.
- Continuous sanitation of public door handles, elevator buttons, and registration area.
- Hand sanitizers are at the front desk and other areas for public use.
- Rooms are left vacant for at least 24-48 hours between guests.
- Elevator is restricted to 2 guests or 1 family at a time.
- Employee training has been conducted and is updated as needed to ensure proper handwashing and awareness of all aspects of COVID-19 including symptoms and spread.
- Plexi glass has been placed at the front desk to create an additional barrier between our staff and guests.
- Guests staying longer than 1 night are asked what frequency they are comfortable having their room serviced. Staff members are not permitted in guest rooms while the guest is in the room.
- Staff wear masks and guests will be encouraged to do the same when in public spaces.

We are collaborating with Ecolab and using products including Peroxide Multi Surface Cleaner and Disinfectant, approved by the EPA against COVID-19 (with 45 seconds 'kill time') and influenza as a hospital disinfectant. The health and safety of our staff and guests is our top priority. We look forward to safely seeing you at the NEWLY renovated Wingate by Wyndham Gurnee.

Sincerely,

The Wingate by Wyndham Gurnee Team
