- II. All Steps and Movements of the Classical School
- III. Airs Above the Ground/Work in Hand
- IV. The Long Rein
- V. The Quadrille: Ballet of the White Stallions

## MATINEE AND EVENING SUMMER PERFORMANCES

Witness the art of horsemanship all set to classical music in a lovely country setting. **The Summer Spotlight** performances boast the best of the best of our talented stallions in this gorgeous four-segment exhibition of classical riding. From the precise jumps of the Airs Above the Ground movements to the coordinated Ballet of the White Stallions, everyone will be captivated by the strength, beauty, and intelligence of the Lipizzan horse. Each performance which is set to music is a study in classical horsemanship which has been practiced in Europe since the 16th century; Lipizzans have been performing at the Spanish Riding School in Vienna since the 1500s. We offer a European gem right in your backyard.

## How a *Lipizzan Stallion* LEARNS TO DANCE PRESENTATION

Our equine dancers may be born with the genetic material to perform their graceful moves, but it takes the intersection of a thoughtful rider and a willing horse to create the great expression of harmony through movement for which the Lipizzan horse is known. Each segment is moderated live and takes the time to explain the basics of how Lipizzans are raised, trained, and taught to “dance”. This presentation begins with the youngest of the herd, our 2-6 month old foals with their mothers and follows the progression of stallions from beginning to advanced stages of their training. All of this is followed by a question & answer session with our Program Director and Head Trainer.
